## March 9 to May 24, 2013

Cliff Palace

Welcome to Mesa Verde National Park. Mesa Verde offers a spectacular look into the lives of the Ancestral Pueblo people who made it their home for over 700 years, from A.D. 550 to 1300. Today the park protects nearly 5,000 known archeological sites, including 600 cliff dwellings. These sites are some of the most notable and best preserved in the United States. From the many sites located here and in the surrounding Four Corners area, archeologists have compiled one of the most significant chapters in the story of prehistoric America.

### Visiting the Park

Spring is a magical time to visit. There are multiple activities available to help you experience this mysterious place. **All activities depend on road and weather conditions.** Please check with a ranger before beginning any of the listed activities. Guide booklets are available at the Visitor Center, Chapin Mesa Archeological Museum, and at sites along the Mesa Top Loop Road. Stop either at the [Visitor Center](#) or [Chapin Mesa Archeological Museum](#) to plan your visit.

### Spruce Tree House

[Spruce Tree House](#) is the park's best-preserved cliff dwelling. Located near the Chapin Mesa Archeological Museum, the 1/2-mile (1km) winding, paved trail includes a steep 100-foot (30m) descent and ascent. The trail is moderately strenuous and may be icy.

The site is open daily for self-guided visits. A ranger is available to answer your questions.

### Cliff Palace

[Cliff Palace](#) is the park's largest cliff dwelling. Ranger-guided tours are one hour in length, with a walking distance of 1/4-mile (400m). You will climb four, 8- to 10-foot (2.6-3m) ladders, for a 100-foot (30m) overall vertical ascent.

**Tickets are required.** Tickets are \$3.00 per person, for all ages, and must be purchased at the Visitor Center located at the park entrance.

#### April 7 to May 24

Tours are scheduled daily, every hour from 9:00 am to 5:00 pm. Tour schedule disruptions are likely due to preservation work. If possible, we will add tours on the half-hour after May 5.

Meet the ranger at the Cliff Palace overlook, a 23-mile (37km), 1-hour drive from the Visitor Center.

### Balcony House

[Balcony House](#) is the most adventurous cliff dwelling tour. This one-hour tour involves climbing a 32-foot (10m) ladder to enter the site. You will also crawl through a 12-foot (3.6m) long by 18-inch (4m x 46cm) wide tunnel, and climb 60 feet (20m) up an exposed cliff face, using two 10- to 12-foot (3m) ladders, and a series of stone steps.

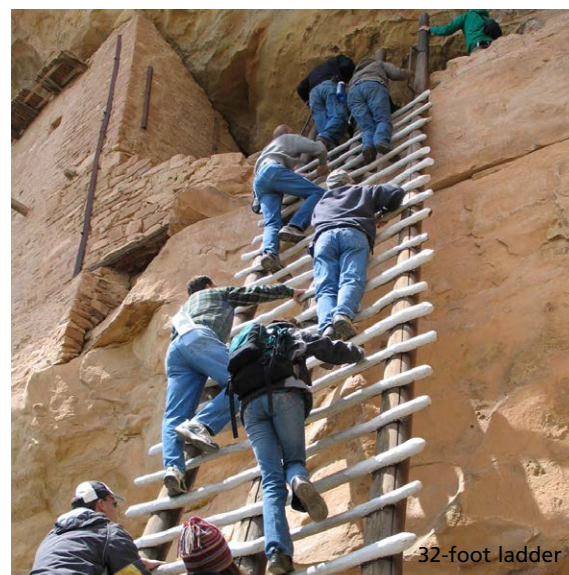

**Tickets are required.** Tickets are \$3.00 per person, for all ages, and must be purchased at the Visitor Center located at the park entrance.

#### April 21 to May 4

Tour times: 9:30 am, 12:00 pm, 2:00 pm, 3:30 pm

#### May 5 to May 24

Visit On Your Own

[Visitor Center](#) and [Chapin Mesa Archeological Museum](#) will both help you gain insights into the lives of the Ancestral Pueblo people.

The visitor center is located just off U.S. Highway 160 near the park entrance. The museum is located 22 miles (35km) from the Visitor Center. At the museum a 25-minute video is shown every half hour. See Visitor Services below for visitor center, museum, and store hours.

[Petroglyph Point Trail](#) begins near the museum. The 2.4-mile (3.9km) trail leads to a large petroglyph panel. If the trail is dry it can be hiked as a loop. However, due to ice and snow, you may be directed to hike via the mesa top section of the trail, or the entire trail may be closed. Check with a ranger at the museum for trail conditions and to register for the hike.

**Cliff Palace Loop Road** is open to cross-country skiing and snowshoeing. No hiking or vehicles are permitted. To explore this 6-mile (10km) road, park just outside the locked gate, but do not block the gate. Highlights include Cliff Palace and Soda Canyon overlooks (view of Balcony House).

After the snow melts off the entire road, or by April 7, the gate will be unlocked from 8:00 am to sunset for vehicular traffic.

**Mesa Top Loop Road** is a 6-mile (10km) drive with short paved trails to view twelve easily-accessible archeological sites, including surface sites and cliff dwelling overlooks. Highlights include views of Square Tower House and Cliff Palace from Sun Point and Sun Temple overlooks. Open daily 8:00 am to sunset, weather permitting.

[Far View Sites Complex](#) includes Far View House, four other villages, and a dry reservoir. Four miles (6.4km) north of the museum, this 3/4-mile (1.2km) trail is not plowed. Park just outside the gate without blocking access. The area is open from 8:00 am to sunset.

[Hiking Trails](#) are scattered throughout the park. The most popular are the Petroglyph Point and Spruce Canyon Trails near the museum. For details and trail conditions ask a ranger.
